MOOTED QUESTIONS BARRED AT HANNA'S HASH BREAKFAST.

Last Meeting of the "Summer Bacheor Club" Yesterday Morning-Friendly Gibes and Sallies and Some Serious Talk.

The Republic Bureau,
16th st. and Pennsylvania avs.
Washington, June 23.—Senstor Hanna beld the final sersion of bis "Summer Bachelor Club" at the old I'on Cameron House, fronting Arillacton Square, this morning. Since the departure of Mrs. Hanna and het daughters, Senator Hanna has been seeking diversion in the entertainment of fellow statesmen whose wives are out of town. He has had star dinner parties every night for a week, and decided to-day that his forsivities for the brightening of a very dull wind-up of Congress should go out in a gale of hilarity at the meast corn-beef hash Sunday morning breakfast.

He had as his guests President Roosevelt. Secretary Root, Postmaster General Payno, Attorney General Knox and Senator O. H. Platt of Connecticut.

As topics of conversation Senator Hanna barred "the squaring of performance with promise," which was a dig at the Presi-dent; the general staff bill, which applied to Secretary Root, and the Cuban reciproci-ty, which was supposed to effence Senator Platt.

"There is one topic, Senator Hanna, that I would like to bar so far as you are con-cerned," said the President, as he took bis sent at the table.
"What is that?" asked Senator Hanna.

"The appointment of a Collector for Cleve

land."

"All right," laughed Senator Hanna, "I will not mention it to-day, but I am coming to see you to-morrow about it."

This sally of the President's caused a hearty laugh at the expense of Schator Hanna, who has been giving a great deal of attention to the charges which have been preferred against Collector Leach.

There was much fun at the breakfast and some serious but very friendly talk. Among other things Senator Hanna is reported to have said to the President:

"I want you to take hold of the canai matter now and get a canal under way be-mater to want get a canal under way be-mater to want get a canal under way be-"I want you to take hold of the canni-matter now and get a canal under way be-fore the next initional campaign. ROUNDING UP THE CHEROKEES. Hundred Delinquents Must Be Ac-

cometed for by July 1.

Vinita, I. T., June 29.-The United States Marshals are now all in the field serving notices and warrants on delinquent Cherokees who have falled or refused to be en-rolled as citizens of the Cherokee Nation by the Dawis Commission. The enrolling camps have been ordered to report to the Dawes Commission at Muskoges on July 1, the date fixed for closing the Cherokee rolls.

Charles Teles and Price Parcheom, two full-bloods, were arrested and taken before Major Breckindings at Tablequin and were released arter their mames had been placed on the Cherokee rolls. Less than 100 names remain on the 1896 rolls, unaccounted for, and it is believed that many of these are dead. The officers do not think there will be as many as ten Cherokees not enrolled on the first day of July.

Joplin, Mo., June 28-The jobbing interest of this city are disappointed at the delay in opening the new branch of the M., K. In opening the new branch of the M. K. & T. from Parsons, Kas., to Joplin. The road was completed more than a month ago and passenger service was promised for the first of June.

The new road intends to use the Missouri Pacific depot and terminals and a misunderstanding with that road is the cause of the delay. It had been announced that negotiations would be completed last week, but the hope proved ill-founded. The terminal of the Katy track is within a few yards of the Missouri Pacific, but over a month has gone by without the completion of this short piece of track.
